Thank You for downloading the **Roll a Story – Avengers Edition** printable. All my printables are intended for home use and not to be sold. Roll a Story is a great introduction to writing fiction. Roll the dice 5 times to pick your Protagonist (good guy, main character), Antagonist (bad guy, required in this story), Setting (where your story takes place), Conflict (what drives the story, what are the characters' struggles, what does the bad guy want...) and Object (must appear in story somewhere). Use extra sheets of paper if necessary, I doubt my 8 year old, reluctant writer will use more than what I've provided on this page, but I'll have my 13 year old write a full page of notebook paper at least.

Your choices of Protagonists are Iron Man (roll a 1), Captain America (2), Hulk (3), Thor (4), Black Widow (5), and Hawkeye (6). Your choices for Antagonists are Loki (Roll a 1), Red Skull (2), Thanos (3), Hela (4), Ultron (5), and the Frost Giants (6). The objects are Mjolnir – Thor's hammer (1), Loki's staff (2), a water bottle (3), a baseball cap (4), a spaceship (5), and a soccer ball (6). Feel free to share with me if your kid writes an Avengers story with a soccer ball, I'm curious to see how that story goes. 😊
